## Lucia Hologram Mask for anti-wrinkle and moisturizing

LUCIA HOLOGRAM MASK' is a new-concept mask which prevents evaporation of moisture and nutrition in essence and provides long-lasting moisturizing effects by depositing a hologram sheet on a tencel skin born from an eco-friendly lyocell method.

High-purity tencel skin smoother than rayon adheres softly on the skin surface. Then, the deposited hologram foil saves moisture to promote the highly-enriched essence to supply nutrition for a long time.

Breathing Skin. The hologram sheet supplements the weakness of the existing foil sheet. The skin breathes through the gap between hexagonal patterns. Also, the special fabric provides stronger adhesion and absorption power.

Previously, there was a mask pack with foil sheets. But we made the foil sheet in hexagonal patterns. So it's more tightly attached to your skin, but it's more absorbent because it prevents the evaporation of essence.. We've enhanced both capabilities.

Generating buzz on social media through 'pack selfies' and increasing customer satisfaction regarding product functionality through the special visual effects of the product This is a premium product that is located in Korea's number one department store and duty free shop.

1box = 27ml, 5 sheets  
box size : 152\*201\*22mm
